??

Static DuitNow QR Code

1) In Fiuu Portal, from sidebar, under **Payment Link**, select **Generate Static QR-Code**.

The screenshot displays the FIUU web application interface. The top header features the FIUU logo and a hamburger menu icon. The left sidebar includes a user profile section with the name 'Account PIC' and a search bar for 'Transaction ID'. Below this is the 'MAIN NAVIGATION' menu with items: Home, Dashboard, Transactions, Settings, Store Management, Settlements, Payment Link (highlighted with a red box), Generate Default Link, Generate QR-Code, Generate Static QR-Code (highlighted with a red box), and Generate Store QR-Code. The main content area is titled 'GENERATE STATIC QR-CODE' and shows the date 'Wednesday, 20th Mo'. A blue button labeled 'Import Bulk QR' is at the top left of the form. The form contains several fields: 'Channel' (a dropdown menu showing '-- Please Choose --'), 'Currency' (a dropdown menu showing '-- Please Ch'), 'Amount' (a text input field), 'Order ID / Item ID' (a text input field), 'Billing Name / Item Name' (a text input field), and 'Payment Descriptions' (a large text area). A blue button labeled 'Generate Preview' is located at the bottom of the form.

2) Click on “Channel” and select “DuitNow QR Offline”. After selecting it, the configuration will change to “Type2”.

3) Select the currency and enter the Machine ID in the “Order ID / Item ID” column, then click on “Generate Preview”.
